CONEWER

PARTNER PROGRAM

A business that runs without you.

Own Wi-Fi units. Place them in busy stores. Earn every hour a customer is connected, and watch it all from your phone.

- Runs 24/7
- No staff, no stock
- GCash cash-out

DEMO ACCOUNT · SAMPLE DATA

THE OLD WAY

Most businesses need you there.

Open and close, every day

The business stops when you do. Holidays and sick days cost money.

Staff to hire and watch

Wages, training, absences, and trusting someone with the till.

Stock, cash and losses

Inventory to buy, cash to count, spoilage and shrinkage to absorb.

Your time is the ceiling

You can only be in one place. Growth means more of your hours.

— THE CONEWER WAY

A business that runs on its own.

Paid by GCash or Maya

Customers scan, pay and connect. No cash to collect, ever.

No staff, no stock

The Wi-Fi sells itself. Nothing to restock, nobody to supervise.

Earns 24/7

Day and night, weekends and holidays, even when the store is closed.

Every peso on your phone

Live hours, earnings and cash-outs, from anywhere.

— HOW THE MONEY FLOWS

Every connected hour pays ₱3.

₱1	₱2
CONEWER · platform, payments, support	Yours, the unit owner

You share part of your ₱2 with the partner who hosts the unit, for example:

30% partner	₱0.60 Partner	₱1.40 You keep
50% partner	₱1.00 Partner	₱1.00 You keep

WHO DOES WHAT

You own it. Your partner hosts it.

You · the owner

Buy the units and place them.
Set each partner's split.
Watch every unit and cash out to GCash.

Your partner · the host

A store near a school, dorm or terminal.
Keeps the unit safe and in place.
Earns a share and sees the same numbers.

Customers

Students, workers, commuters.
Scan, pay ₱3 an hour by GCash or Maya.
Connected in seconds.

Internet and electricity at each site are agreed between you and your partner.

YOUR INVESTMENT

Start with 10 units.

10 units × ₱3,500 per unit = ₱35,000 one-time

- Outdoor TP-Link access point
- Yours to keep
- Paid once, no monthly fee to CONEWER

EARNINGS SIMULATION · 10 UNITS

₱2 to you for every connected hour.

STARTER

10 users × 3 hrs a day

Per unit, per day	₱60
Per unit, per month	₱1,800

₱18,000
a month, 10 units

STEADY

20 users × 5 hrs a day

Per unit, per day	₱200
Per unit, per month	₱6,000

₱60,000
a month, 10 units

BUSY LOCATION

BUSY

30 users × 8 hrs a day

Per unit, per day	₱480
Per unit, per month	₱14,400

₱144,000
a month, 10 units

Owner share of ₱2 per connected hour at the current ₱3/hr price · 30-day month · before the partner's share, internet and electricity · an illustration, not a guarantee.

EXAMPLE · A BUSY LOCATION

How one busy unit adds up.

30 users × **8 hrs** each, per day × **₱2** per hour = **₱480** per unit, per day

× 30 days = **₱14,400** per unit, per month

× 10 units = **₱144,000** a month

Before the partner's share, internet and electricity. Actual use depends on the location: near schools, dorms and terminals is best.

WHAT YOU KEEP · 10 UNITS, PER MONTH

After your partner's share, you keep most of it.

PARTNER SHARE	STARTER	STEADY	BUSY
30% partner you keep ₱1.40/hr	**₱12,600** pays back in ~3 months	**₱42,000** pays back in ~25 days	**₱100,800** pays back in ~10 days
50% partner you keep ₱1.00/hr	**₱9,000** pays back in ~4 months	**₱30,000** pays back in ~5 weeks	**₱72,000** pays back in ~15 days

Payback = ₱35,000 for 10 units ÷ what you keep a month. Revenue before internet and electricity, which you agree with each partner, and the ₱15 GCash cash-out fee · an illustration, not a guarantee.

WHY STORES SAY YES

Your partner earns too.

PARTNER EARNS, PER UNIT, PER MONTH · 50% SHARE

Starter	Steady	Busy
₱900	₱3,000	₱7,200

At a 30% share: ₱540 · ₱1,800 · ₱4,320.

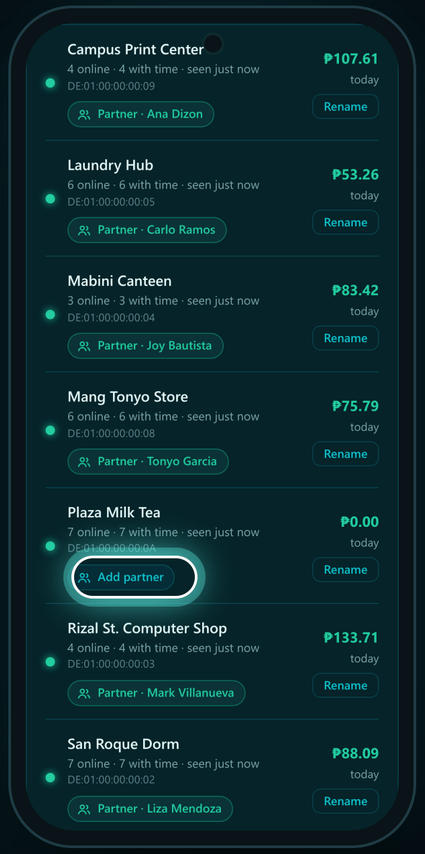

Income for hosting a unit
No work, no stock, no cash handling

More customers walking in
People stay, and buy snacks and load

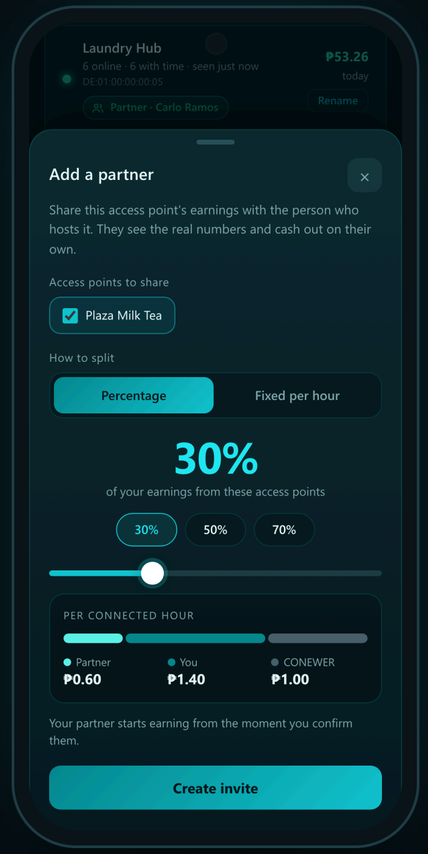

Sees the real numbers
Their own dashboard and GCash cash-out

SET UP A PARTNER · ABOUT 2 MINUTES

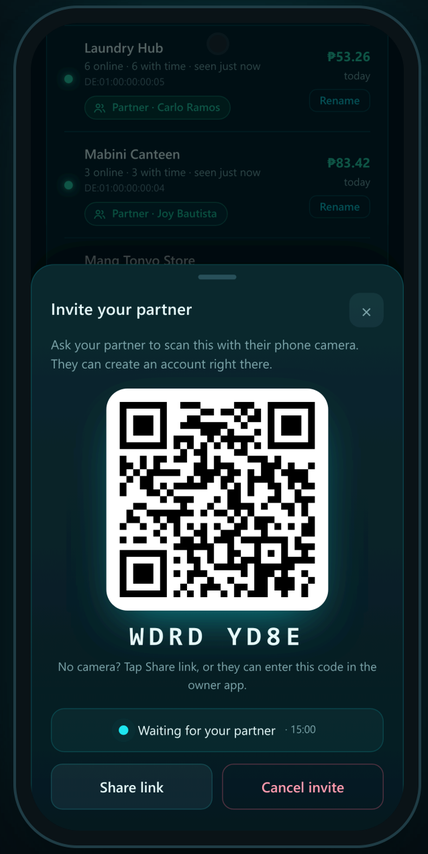

1 Tap “Add partner” on the unit

2 Choose the split

3 Show the QR code

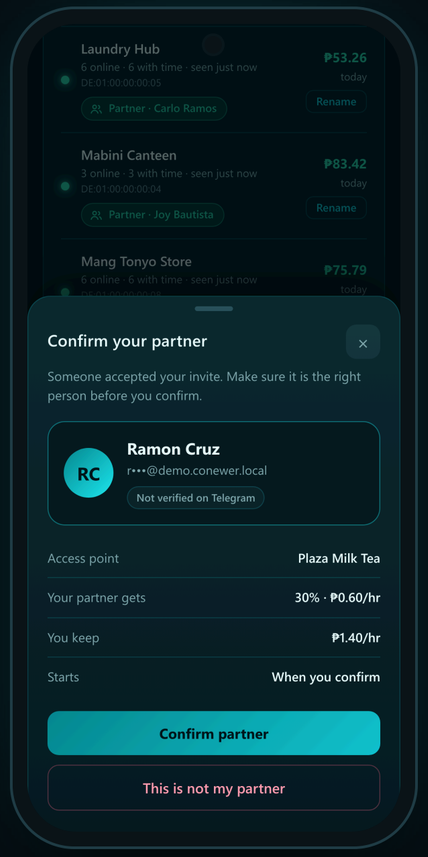

SET UP A PARTNER · CONTINUED

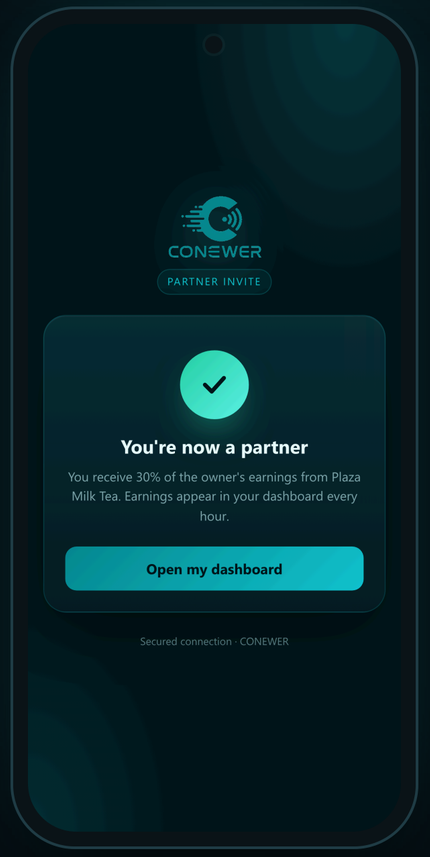

4 Partner scans and accepts

5 You check and confirm

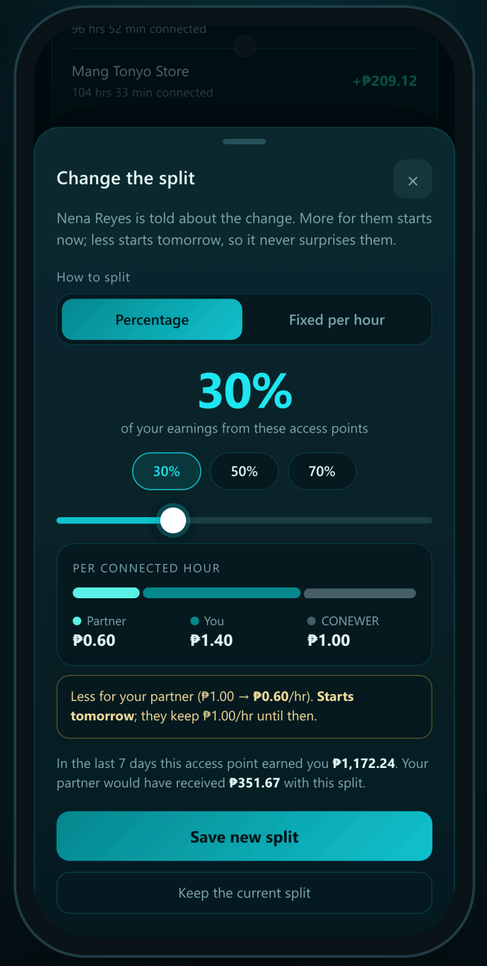

✓ Linked. Split runs every hour

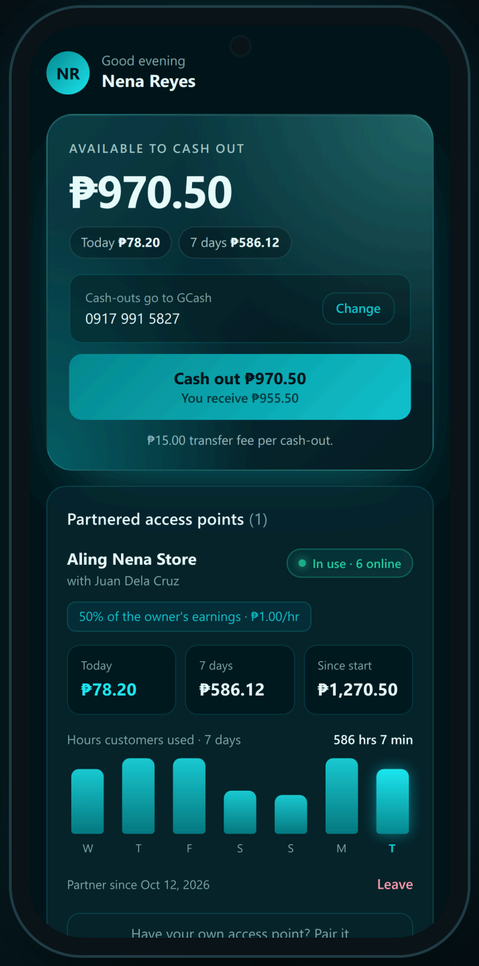

SETTING THE SPLIT

Fair rules, built in.

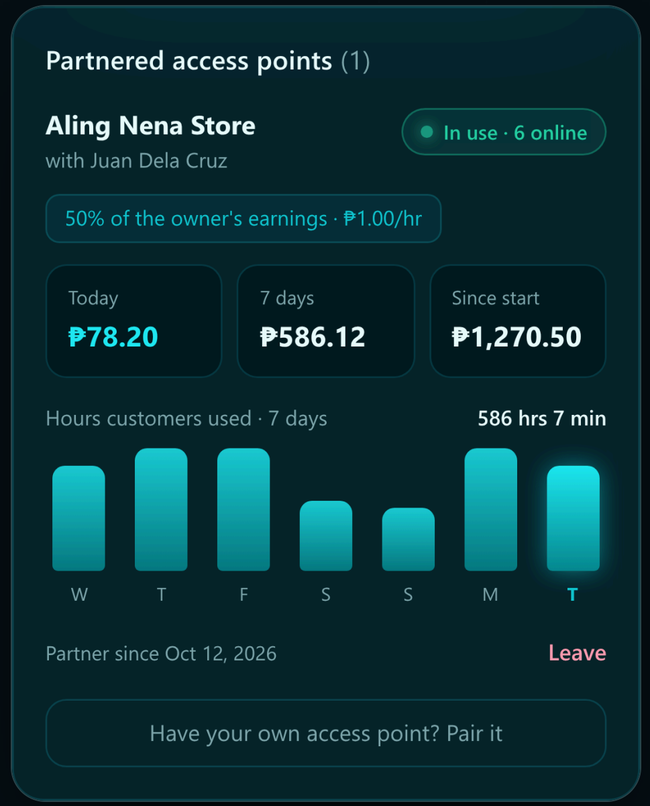

- **A percentage, or a fixed ₱ per hour**
  30%, 50%, 70%, or any amount you agree
- **See the split before you save**
  Partner · you · CONEWER, per connected hour
- **Raise it: starts now**
- **Lower it: starts tomorrow**
  Your partner is told first, so there are no surprises

THE PARTNER'S DASHBOARD

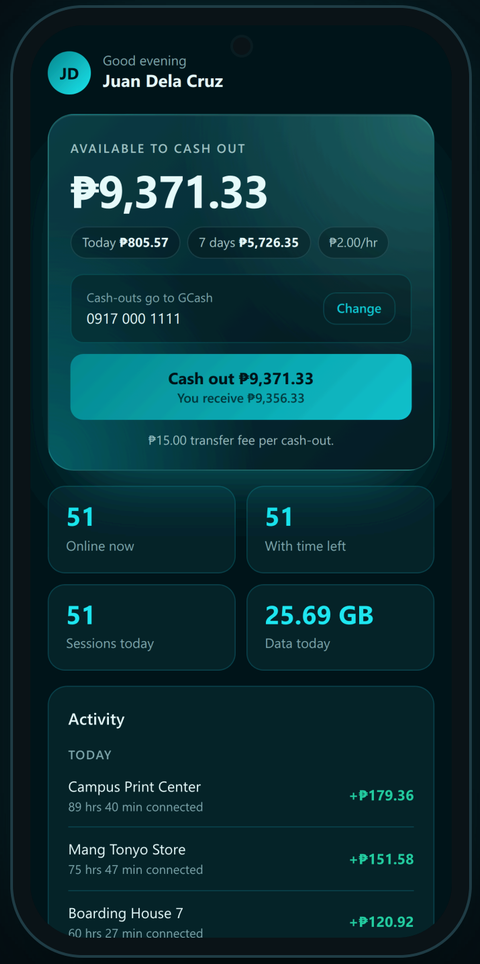

What your partner sees.

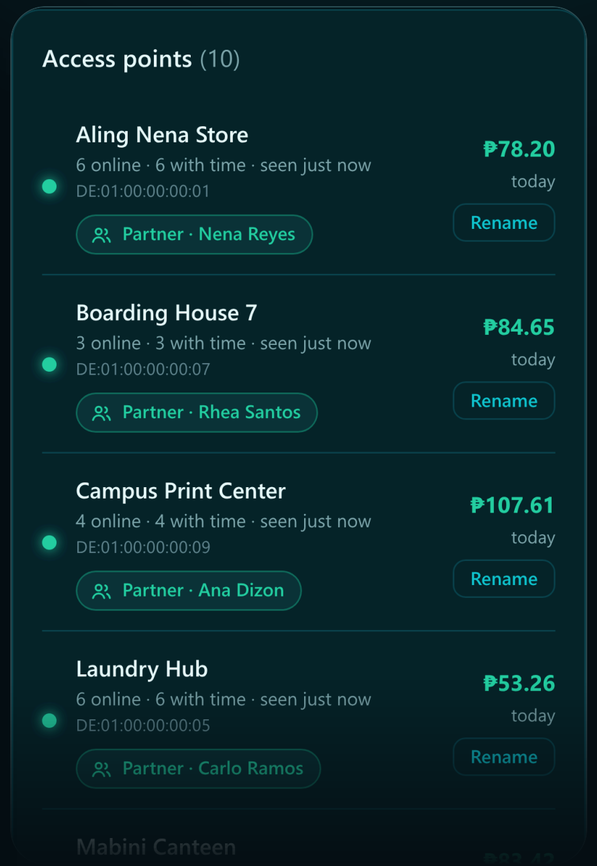

- **Their own balance**
  Cash out to GCash from ₱300
- **Is the unit in use?**
  Live, with customers online
- **Hours and earnings**
  Today, 7 days, since the start
- **Totals only**
  Customers' devices stay private

YOUR DASHBOARD

Every unit. Every partner. Every peso.

- **One balance for all your units**
  Cash out to GCash anytime
- **Each unit, live**
  Customers online, today's earnings, its partner
- **Every hour, accounted**
  What it earned, and what went to your partner

DEMO ACCOUNT · SAMPLE DATA

WORRY-FREE

Run it from anywhere.

Live on your phone

Hours, earnings and customers, as they happen.

Alerts on Telegram

Cash-outs sent, partners joining, any change to a split.

Automatic accounting

Every connected hour is counted and split, every hour.

GCash cash-out

From ₱300, ₱15 transfer fee. For you and your partners.

Fair, written rules

Both sides agree to the terms. What a partner earned stays theirs.

Payments handled

CONEWER runs the platform, the payments and the support.

CONEWER

Start with 10 units.

1. Get your units
2. Choose locations and partners
3. Watch it earn

ABOUT THE FIGURES

Notes and assumptions

- **Illustrations, not guarantees.** Earnings depend on how many customers use each location and for how long. Starter, Steady and Busy are examples, not forecasts.
- **₱2 per connected hour** is the owner's share at the current customer price of ₱3 per hour. Prices and shares may change.
- Only time customers are **actually connected** earns. A 30-day month is used.
- Figures are **before internet, electricity** and any other cost agreed between the owner and each partner, and before the ₱15 fee per GCash cash-out.
- Payback = ₱35,000 for 10 units at ₱3,500 each, divided by what the owner keeps per month.
- Screens are from the CONEWER owner app with a **demo account and sample data**.
